

## 1 Business Info

This is the initial setup page which prompts the user to input basic information about the Company. The user can setup up to two business locations. The second location is optional.

The screenshot shows the 'Studio Pulse' application header in orange. Below it is the 'Business Info' form. The form includes fields for Business Name (JOFFREY BALLET SCHOOL), Contact Person (Christopher), Phone ((123) 456-7890), Email (admin@jbsonline.com), and Web Site (www.jbsonline.com). There is a profile picture of a person in a white leotard. Below these fields is the 'Locations' section, which has two columns: 'Location 1' and 'Location 2'. Location 1 is pre-filled with 'Main Studio - SD', 'NO# 56, Lane 21', 'San Diego', '56142', 'California', and 'United States'. Location 2 has empty fields for Name, Address, City, Zip, and state/country dropdowns. 'Cancel' and 'Save' buttons are in the top right.

On saving the Business Information, a confirmation message will be displayed and the user will be redirected to the Home page of the application (PULSE page).

This screenshot shows the same 'Business Info' form as above, but with a green success message displayed at the top: 'Done! Data saved successfully. You are being redirected to home page. Please Wait..'. The 'Business Name' field is still filled with 'JOFFREY BALLET SCHOOL'. The 'Cancel' and 'Save' buttons are still present in the top right.

## **1.1 Mandatory Fields:**

- Business Name
- Contact Phone
- Website
- Location 1

## **1.2 Optional Fields**

- Location 2
- Email
